# FOR YOUR SAFETY

## PRECAUTION TO BE TAKEN WHILE SPRAYING

- 1 Never ever by mistake use pump for spraying herbicide to spray Insecticides.
- 2 Essentially use protective clothing, boot, hand-gloves and face-mask while spraying.
- 3 The content of container on which a red colored kite shape is marked, is extremely toxic, followed by a series of yellow, Blue and Green colors. All these signs are used to explain to illiterate people. This means that, pesticide with Green coloured mark is slightly toxic.

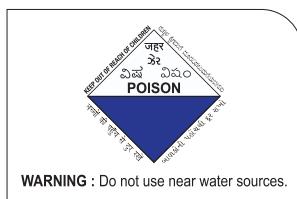

## PRECAUTION MUST BE ENSURED WITH THE FOLLOWING INDIVIDUAL

- 1 If pesticide is ingested or falls on skin, in eyes or is inhaled, it may cause hazard.
- 2 If any person is toxically affected he must be removed away from the place incident and his clothes must be changed.
- 3 Immediately wash body/limbs with soap and clean water and dry up with a towel.
- 4 If pesticide is ingested, immediately strive to make the patient vomit it out.
- 5 If the patient is profusely sweating, dry it up with a dry towel.
- 6 If the patient experiences cold, wrap a sheet around his body.
- 7 If breathing of the patient has turned abnormal or has stopped, initiate mouth to mouth resuscitation.
- 8 If the patient has spasm, push a soft thin cloth between his teeth.
- 9 If the patient is unconscious. make efforts to bring him to senses.
- 10 Do not try to give anything to eat to an unconscious patient.
- 11 Immediately refer the patient to a doctor along with the label/leaflet of the pesticide or get him admitted in a hospital and get him treated under the supervision of a doctor.

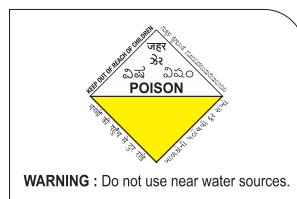

## TOXICITY IDENTIFICATION AND SIGNS OF PESTICIDES

EXTREMELY TOXIC

HIGHLY TOXIC

MODERATELY TOXIC

SLIGHTLY TOXIC
